Dear Parent:

Enclosed please find a school checklist for H1N1. The flow chart is helpful to monitor student illness.

If your child becomes ill during the school day, please have him/her report to the School Nurse. If your child exhibits signs and symptoms of H1N1, based on CDC guidelines he/she will be asked to wear a mask to prevent exposure to others as they leave the building. The CDC recommends that you keep your child home until they are fever free (100F) for 24 hours without any fever reducing medications such as Tylenol or Motrin.

Sincerely,

Joseph A. Menard
